

SmartLink®

TOTAL EQUIPMENT PROTECTION WARRANTY

Protects against lightening, theft and physical damage. No questions asked.

Total cost of ownership so you can avoid surprise expenses if equipment fails. No deductibles or processing fees.

Instant over-the-counter exchange at your Authorized Weathermatic SmartLink Distributor.

Weathermatic provides total coverage of each of your control systems – Controller, Weather Station, Aircard, 2-Wire Decoders and Surge Protectors, as part of purchasing equipment and services through the Weathermatic SL Monthly program. This warranty is effective as long as the service payments under the program are current.

COVERED ITEMS: SmartLine controllers and modules, SmartLine On-Site Weather Stations, SmartLink Aircards, 2-Wire Decoders and Surge Protectors.

COVERAGE: Lightning damage, theft, physical and liquid damage (excluding Acts of God), and defects in materials and workmanship. Hurricane, tornado, flood and other Acts of God are excluded. Lightning damage on two-wire systems is only covered if Surge Protectors have been properly installed.

WARRANTY CLAIM: Two claims per control system within any consecutive 12-month period with a maximum list price value of \$1,400 per claim. This trade warranty extends only to the original professional installation of the Weathermatic products and does not extend to repairs, replacements or adjustments of Weathermatic products due to misuse, negligence, alteration, modification, tampering or improper installation and maintenance of the product and/or system. Weathermatic's sole obligation is to repair or replace its products found to have defects in material or workmanship.

There are no other warranties, expressed or implied, including warranties of merchantability and fitness for a particular purpose. Weathermatic will not be liable to any party in strict liability, tort, contract or any other manner for damages caused or claimed to be caused as a result of any design or defect in Weathermatic's products, or any special incidental or consequential damages of any nature.

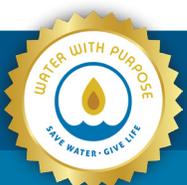

REPLACEMENT EQUIPMENT: Claims will be fulfilled with identical equipment or, if identical is not available, a comparable model. Weathermatic reserves the right to alter, modify or redesign its products, pricing and warranty at all times without creating any liability for the obsolescence of customer owned parts or products.

ELIGIBILITY: Enrollment can only be made at the time of purchasing a new SmartLink Service Plan.

GOVERNING LAW: The rights and obligations of the parties hereto, and any claims or disputes thereto, shall be governed by and construed in accordance with the laws of the State of Texas without reference to conflict of law principles.

WARRANTY CLAIM INSTRUCTIONS: If your device fails or is stolen, contact Weathermatic Customer Care at 1-888-484-3776 to receive your Return Materials Authorization (RMA) number. The warranty claim must be filed within 30 days of the loss.

Return the failed product to your Authorized SmartLink Distributor and provide the RMA number. The distributor will verify the RMA number with Weathermatic Customer Care and provide an over the counter exchange of the same equipment as your original, or comparable equipment with similar quality and features. Replacement SmartLink Aircards will carry the remaining service plan period as the original Aircard claimed under the warranty.

Our mission is to deliver clean drinking water to thousands of families in need, and to inspire our partners to put water first in irrigation, design, installation, and maintenance.
